4-5 Oct 00 President's Forum Working Session

Lorraine Martin

residents Forum 11 Jul 00

Action Item:

- Lockheed Martin proposed to meet with ESC representatives to investigate potential options for demonstrating a C2 Portal at the next forum.
 - Task Leader: ESC/DI
 - OCR: ESC/EN, ESC/AC

Session

Recommendations

Scope

- Phase I: C2 Business, Phase II: C2 Operations
- Interactive instead of just Broadcast
- Integrate existing IT systems

Supports the objectives of

- Expediency to field Warfighter satisfaction
- Changing Government Industry business model
- Commercial business practices
- Maintain pace w/commercial developments

Vision

The one-stop, electronic forum to support the C2 Community in the business of buying, selling, defining and supporting C2 systems to meet the warfighter's

- **C2 Warfighter** -Convey requirements/desirements and enable rapid response through C2 future capabilities
- **ESC** Deliver C2 capabilities to the warfighter more effectively
- Industry Project of the Industry ESC Warfighter

 C2 Community

Ground Rules

Industry led effort, with insight from ESC and MITRE

- Industry brings IT expertise
- ESC brings insight in shaping content

Lockheed Martin leading industry effort

- Looking to include all interested players via "Hotteaming"
- Time and resources are the only limits

Everyone participates at their own expense

- Retain rights to anything brought to the table No leave-behind
- Those that contribute will get the credit!

C2 Portal Team

Leads: Peter Rogers, Lockheed Martin and Matt Mleziva, ESC/DI_

Industry

Lockheed Martin Cisco Sterling Software

CSC Microsoft MITRE

Plumtree Oracle Sun Microsystems

Titan Compaq

Government

ESC/DI ESC/BP ESC/AC

ABW/SC ESC/GA ESC/PK

ESC/IA ESC/CX

Integrating the Contributions of this Diverse Group New Business Model

Initiative Goals

Demonstrate the potential of deploying a web portal solution to facilitate C2 community in using new and innovative business models

- Create an online community for all C2 Acquisition partners
- Content is higher priority than "Gee-whiz" technology
- State-of-the-art Portal technology where possible
- Consistency with other AF and AFMC efforts
- Live demonstration from Conference Center
- Content
 - Business workflow for current and new business models
 - Active where possible
 - Mock-up where necessary

Portal Focus

- Understand and present content and services that are of value to the C2 Community
- Educate and excite Presidents Forum audience on the potential that portal technology could revolutionize C2 business
- Provide users a hands-on experience Website available for two weeks - collect feedback
- Produce White Paper More in-depth report on potential content, issues, implementation strategies, and business

Deliverables: Demo, Live Website, White Paper

Content Areas

C2 Community Directory

- Names, contact data, program affiliation,
- expertise and interests

Program Status -Enterprise Management
